

City of Rockmart

Application for Building Permit

The city of Rockmart may require the reviewing of plans prior to the permit being issued. In the event this is the case, a professional certified architect, engineer or other design professional will need to prepare said plans for review.

Cost of Building / Construction Permit: _____

Approved and Issued By: _____ Date: _____

The issuance of this permit signifies that all required fees have been paid and satisfied and authorizes the permitted party to begin construction immediately or within six (6) Months of date issued. Failure to begin construction within the initial six (6) month period the permit shall become invalid and all fees previously paid shall be non-refundable and the applicant must re-apply for a new permit prior to construction.

Failure to secure proper permits prior to construction or work beginning will result in all permit fees being doubled without exception. Re-inspections shall cost an additional \$25.00 for each inspection and if violations or work is not completed upon re-inspection a fine of \$100.00 per day will be imposed until work is found to be in compliance with City Code and development Regulations.
